

Ask Magic Mike - Phase 2 Executive Summary

Verified production state and controlled expansion as of 2026-08-14.

System	Current evidence
Public funnel	Live and reachable; genuine prospects can enter now
Canonical lead pipe	Next.js API -> Neon -> Resend internal alert
WordPress	Form 3 ACTIVE - CANONICAL; six other forms classified
Email proof	Mike + hidden audit BCC independently received verified Form 3 QA
Data state	6 test leads; 0 live Neon prospects; 0 unsuppressed tests at audit
Identity	Better Auth/Neon RBAC implemented behind disabled gate; Basic remains current
Web Push	Provider/code ready; 0 devices enrolled
Monitoring	9/9 point-in-time checks pass; hourly schedules prepared/existing
Crawler	40/42; two Our Town Facebook crawler paths need narrow host rule
SMS / paid media	Inactive; no spend

Immediate owner action

Review WordPress Form 7 entry 1550 as a possible genuine lead. Do not mark it test or use it for QA.

Next controlled build action

Approve the staff roster, then apply and test the additive RBAC migration in Preview while Forms 1 and 6 proceed through separate consent-default acceptance gates.
