

30-DAY EXECUTIVE REPORT

Evidence before expansion

Editable operating review for live leads, source quality, response, delivery, and next-month decisions.

Current baseline: Day 0 / no genuine lead fabricated

Start with data integrity

- Genuine leads only
- QA and suppressed records excluded
- Attribution reconciled
- No live customer PII in this deck

0

CURRENT VERIFIED BASELINE

**Replace with observed 30-day
actuals. Never fill with synthetic
performance.**

Show the funnel with actual outcomes

- Lead created
- Qualified
- Appointment
- Signed client
- Closing

0

CURRENT VERIFIED BASELINE

**Replace with observed 30-day
actuals. Never fill with synthetic
performance.**

Compare source quality, not just volume

- Domain and placement
- First and last touch
- Qualified rate
- Appointment rate
- Attributed revenue

0

CURRENT VERIFIED BASELINE

**Replace with observed 30-day
actuals. Never fill with synthetic
performance.**

Test whether response operations held

- Assignment time
- First-contact time
- Unassigned count
- SLA breaches
- Human acknowledgment

0

CURRENT VERIFIED BASELINE

**Replace with observed 30-day
actuals. Never fill with synthetic
performance.**

Reconcile every delivery channel

- Internal email delivered
- Retry outcomes
- Hidden audit-copy result
- Web Push enrolled devices
- Carrier SMS remains disabled

0

CURRENT VERIFIED BASELINE

**Replace with observed 30-day
actuals. Never fill with synthetic
performance.**

Review form expansion one gate at a time

- Form 3 remains baseline
- Held forms require consent and routing approval
- One QA submission per approved form
- Rollback stays available

0

CURRENT VERIFIED BASELINE

**Replace with observed 30-day
actuals. Never fill with synthetic
performance.**

Make the next decision from observed evidence

- Continue current owned placements
- Improve one proven conversion bottleneck
- Approve one held form or keep it held
- Keep paid media inactive until the live pipe proves reliable
